

INDUSTRIAL DISCHARGE PERMIT APPLICATION

Company Name _____

Contact Name _____ Telephone # _____

Location _____

_____ Zip Code _____

The undersigned hereby requests a permit to utilize an industrial sewer connection at the above location and in support of this application submits the following information:

- Plan of the property showing all sources of contaminated water, on-site treatment processes and possible sources of discharge to ECUA. Provide a drawing showing where applicant plans to discharge to ECUA's sanitary sewer system.
- Schedule of all industrial wastes produced at said location, including a description of the character of each waste and the average and maximum flow rates, (Baseline Monitoring Report).

As consideration for the granting of this permit, the undersigned on behalf of the business, company or government agency agrees to:

1. Furnish any additional information as may be requested by the Emerald Coast Utilities Authority (ECUA).
2. Accept and abide by all provisions of ECUA Code, Chapter 26, and all other pertinent codes and regulations now existing or as may be adopted in the future.
3. Operate and maintain any waste pretreatment facilities as may be required at no expense to the ECUA.
4. Cooperate at all times with the ECUA and its representatives in inspection, sampling and studying of the industrial wastes and any pretreatment facilities.
5. Notify the ECUA immediately in the event of any accident or occurrence that contributes to the wastewater treatment system any wastewater or substances prohibited or not covered by this permit.

Date: _____ Signed: _____

\$200.00 Application Review Fee Paid on _____

INDUSTRIAL USER BASELINE MONITORING REPORT

1. Company Information

- A. Company's Legal Name _____
Mailing Address _____

_____ Zip Code _____
- B. Name of Owner _____
- C. Facility Location _____

- D. Person Authorized to Sign _____
Title _____
Phone _____
- E. Facility Contact _____
Title _____
Phone _____
- F. Number of Employees _____ Number of Shifts _____

2. Nature of Operation

- A. List chemicals and raw materials used: _____

- B. Describe commercial activities conducted: _____

3. Wastewater Flow

Total flow in gallons per day: Average _____ Maximum _____ Hrs/Day _____

This figure may in some cases be the same as the potable water usage.

If individual process flows are measured, please complete the following table:

Process Wastewater	Average Flow Rate (gpd)	Maximum Flow Rate (gpd)	Type of Discharge (batch, continuous)
Cooling water			
Sanitary wastewater			

4. Nature and Concentration of Pollutants

The results of laboratory analyses performed on representative samples of wastewater to be covered by this permit are attached. Include the following categories of pollutants:

_____ Conventional pollutants (pH, TSS, BOD, COD, Total Nitrogen, Total Phosphorus)

_____ Priority pollutant metals

_____ Priority pollutant volatile organic compounds

_____ Priority pollutant acid and base-neutral extractable compounds

_____ Priority pollutant pesticides and PCBs

_____ TCLP

_____ Cyanide

_____ Other (specify) _____

5. Compliance Certification

Is the facility consistently meeting all discharge limits? Yes_____ No_____

If no, please attach a schedule projecting increments of progress and dates of completion.

6. Signatory Requirement

I certify under penalty of law that this document and all attachments were prepared under my direct supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine or imprisonment for knowing violations.
