

**NEW COMMERCIAL CUSTOMER QUESTIONNAIRE FOR
BACKFLOW PREVENTER ASSEMBLY REQUIREMENTS**

FOR NEW POTABLE WATER SERVICES:

Do you have an auxiliary water supply on your property (such as a well or an intake from a pond, lake or stream)? **Yes or No**

Is your auxiliary water supply connected to your ECUA water service line in any way (directly or through your house plumbing)? **Yes or No**

FOR NEW IRRIGATION SERVICES:

Is your irrigation service a dedicated* service connection? **Yes or No**

Do you plan to add any chemicals to your irrigation system? **Yes or No**

*A dedicated FIRE LINE service is one that connects directly to the ECUA's water main and is used for the sole purpose of FIRE PROTECTION.

FOR NEW FIRE SUPPRESSION SERVICES:

Is your fire suppression service a dedicated* service connection? **Yes or No**

Will the fire suppression system contain chemicals or is it connected to an auxiliary water supply? **Yes or No**

*A dedicated FIRE LINE service is one that connects directly to the ECUA's water main and is used for the sole purpose of FIRE PROTECTION.
